

KANCHARLA AGNI

Hyderabad, Telangana, India | agnikancharla2006@gmail.com | +91 7095096385

Carrier Objective

Computer Science student with a strong interest in data analysis and data-driven problem solving. Skilled in Python, SQL, and Excel for data cleaning, analyzing datasets, and extracting meaningful insights. Passionate about solving real-world problems and eager to gain industry experience.

Education

CMR Technical Campus

Bachelor of Technology in Computer Science & Engineering
CGPA: 7.39/10.0

Balaji Junior Collage

Intermediate in Mathematics, Physics, Chemistry (MPC)
Percentage: 88.2%

Technical Skills

- **Programming Languages:** Python , c, OOPs Through java, Data Structures
- **Databases:** MySQL
- **Front-end Development:** HTML, CSS, javascript
- **Back-end Development:** Nodejs
- **Tools & Analytics:** Tableau, power bi, ms excel

Projects

Innovative Life-Saving Technology for Child Rescue from Borewells (SIH Project)

- Designed a robotic rescue system to safely retrieve children trapped in borewells using a remotely operated clipper mechanism
- Integrated sensors (gas, temperature) and real-time camera monitoring to ensure safety and effective communication during rescue
- Utilized Arduino UNO, robotic arms, and control systems to develop a reliable and efficient rescue solution without the need for parallel digging

Smart Bus Fare Ticketing System (RFID Based – IoT Project)

- Developed a contactless bus ticketing system using RFID technology to automate fare collection
- Integrated RFID reader with microcontroller to detect passenger cards and deduct fare automatically
- Reduced manual ticketing errors and improved efficiency in public transportation systems

Ad Click Fraud Detection Using Machine Learning and Deep Learning Algorithms (Team Lead)

- Led a team of 3 to build a fraud detection system using ML/DL on user click data.
- Analyzed patterns and coordinated tasks to improve accuracy and team efficiency.

Certifications

- Smart India Hackathon (SIH) Certification
- Python Programming Certification – Infosys Springboard
- Computer Networking Certification – Infosys Springboard

Extra-Curricular Activities

- Participated in DMF of HYDRA program under NSS (National Service Scheme)
- Active in community service and team activities, building leadership and communication skills.
- Received a certificate from the Commission of HYDRA, Hyderabad for active participation

Achievements

- Smart India Hackathon (SIH) Participant
- Selected for 3rd Round in SIH Hackathon
- **LeetCode:** [90+ problems solved](#) | **CodeChef:** [150+ contests](#)
